GSA- EGYPT CHAPTER UPDATES

Welcome to the inaugural edition of the GSA-Egypt Chapter Newsletter. In collaboration with ITIDA and GSA, we are excited to bring you the latest updates from the world of semiconductors and electronics in Egypt.

Sections

- Introduction and GSA-Egypt Overview
- Management and Leadership
 - Egypt Chapter- Steering Committee
- Recent Activities
 - Session: Semiconductor Horizons / Unveiling New Frontiers
 - Webinar: Pushing the Boundaries / How 3D Fabrics are Redefining Semiconductor Limits
- GSA - US Executive Forum 2023
- Closing Remarks
- Contact Information

INTRODUCTION & GSA-EGYPT OVERVIEW

GSA-Egypt Chapter, a collaboration between EiTESAL, ITIDA, and GSA, has been established to support Egypt's semiconductor and electronics industry. It aims to provide comprehensive services to nurture local companies and encourage collaboration. This chapter's mission is to integrate Egyptian companies into the global semiconductor value chain, fostering growth in the local and global economies. It was officially announced in March 2023, with the support of H.E. Dr. Amr Talaat, Minister of Communication and Information Technology. The chapter includes 23 participating companies and is led by a committee headed by Dr. Hisham Haddara. The committee is supported by four focus groups dedicated to various aspects of industry development.

MANAGEMENT & LEADERSHIP

Egyptian Chapter Steering Committee

Dr. Hisham Haddara
Chairman Si-Ware Systems

Mohamed Mohsen
CEO, Si-Vision LLC

Ayman Ahmed
CEO, Pearl Semiconducto

Mohamed Mamdouh
General Manager, MEMS Vision

Hicham Arafa
COO, Brightskies

RECENT ACTIVITIES

Semiconductor Horizons / Unveiling New Frontiers

This session was held in August 17th at historical premises which is Sultan Hussein Palace and covered 2 topics:

- "Will AI Disrupt Analog IC Design?"
- "Advancing Semiconductor Technologies" by Mr. Mostafa Abdulla

First topic was presented by Mr. Hany Elhak, Group Director at Synopsys and the second topic was presented by Mr. Mostafa Abdulla, Semiconductor Technologist at Tier-1 US Company

50 persons from GSA-Egypt companies attended the session.

RECENT ACTIVITIES

Pushing the Boundaries / How 3D Fabrics are Redefining Semiconductor Limits

This Webinar was held in August 27th to discuss **How 3D Fabrics are Redefining Semiconductor Limits**

Eng. Moutaz Fakhry, Senior Program Manager, AMD was the speaker who gave a very interesting overview of the topic and opened the door for the questions which satisfied attendees inquiries

65 persons from GSA-Egypt companies attended the webinar.

RECENT ACTIVITIES

GSA-US Executive Forum 2023

GSA-US Executive Forum is an exclusive event that brings together influential executives, industry leaders, and experts for collaborative dialogue on the dynamic landscape of the global semiconductor value chain. It also fosters a deep understanding of the industry's future direction and identifies strategies for success in an era of innovation and collaboration.

You can find [here](#) the link for US Forum's resources and insightful presentations

260 individuals representing entities worldwide attended this September 14th forum **including five companies from the Egypt Chapter** participated in forum; (IC-Pedia, Suitera, Pulsar, Si-Vision, and Si-Ware Systems).
